The Menagerie contains many rare and beautiful specimens of animated nature, such as Asiatic Elephants, Arabian Camels, Asiatic and African Lions, Royal and Brazilian Tigers, Cheta or Hunting Leopards, South American Panthers, Congars, Ocelots, Civit Cat, Mexican Lion, Grizzly and Black Bears, Wolves, Deer, Hyenas; the celebrated Brahmin Eagle and China Sheep; also, a great variety of Birds and Monkeys, which will be exhibited in connection with Mabie's United States Circus, without extra charge.

The Cavalcade will arrive in town on the above morning, and there will be a GRAND PROCESSION, heralded by the Monster Elephant Kanalo-Alin, one of the largest in the United States. The procession will be preceded by the celebrated NEW YORK BRASS BAND, directed by the renowned Bugle Player, F. A. STEELE. conspicuous in the Grand Cavalcade will be seen the MAMMOTH PERFORMING CAGE, weighing over 10,000 pounds, drawn by EIGHT SNOW-WHITE STEEDS, altogether forming a most magnificent moving Panorama.

A thrilling performance at each exhibition in an immense performing den by Signor Hidalgo, the most renowned of Lion conquerors, who will, at a certain period enter the den of his terrific group of Lions, Tigers, Leopards, Cougars, Panthers, &c.—the same as performed by him in all the principal cities of Europe and America.

MABIE & CO.'S UNITED STATES CIRCUS.—This stupendous establishment is organized at an enormous expense, and the proprietors feel proud in recommending to the public a series of novelties unsurpassed by any Equestrian Troupe now traveling. The principal stars who compose the equestrian troupe are, Mr. W. Cole, in feats of muscular flexibility; two star Clowns, Paul Horner, the great American Jester, also, Sam. Welser, the great Portuguese Juggler and trick clown, each famous for original wit and humor; besides a host of others—and in fact, the whole establishment is a vast repository of Nature and Art.

NEW-YORK TRIBUNE.

THE NEW-YORK TRIBUNE having completed the twelfth year of its existence, on the 9th of April, signified its entrance into its teens by an enlargement of its borders, adding fully one third to its area, and which will require us henceforth to pay more for the white paper on which it is printed than all we receive from its subscribers. And, ample as our income has been, (though less ample than it has been reported) our expenditures for the next year must be larger than our annual income has ever yet been.

We have taken this important step not without reluctance, but upon the maturest consideration. There are thirteen of us concerned in the Tribune establishment as proprietors with one hundred and seventy more directly employed on the paper—all to be subsidized out of its current income—and this enlargement adds some \$30,000 per annum to our expenses without necessarily increasing our receipts. Yet we encounter so many complaints of the small type, too fine print, bad for the eyes, do that we have resolved to risk our all on the enterprise of making a paper which will satisfy many thousands who have hitherto stood aloof, and so enlarge our Subscription and Advertising as to secure as a reward for our exertions in the future equal to that we have enjoyed in the past. If we can add one-fifth to our reading matter, and present the whole in fair, clear type of good size, we believe we may nearly double our circulation; and this, though of no direct advantage to us, secures such an increase of our Advertising as will leave us nothing to desire.

The Semi-weekly Tribune was enlarged to the new size of the daily, and we urge our country friends who have no daily mail, or think they cannot afford a daily paper, to give this an examination. We always study to condense the largest possible amount of useful and interesting matter into our Weekly; yet it is physically impossible that we should print their even one-third of our letters from Europe, Asia Minor, India, California, Mexico, Central America, &c., &c. But all those are given in our semi-weekly. There is not another paper issued in the world which contains so large an amount of mainly original reading for so small a sum; and we trust that, since postage has been reduced to a mere bagatelle, there are thousands of our friends who have hitherto taken the weekly, who will henceforth take the semi-weekly. We will send a specimen to any one who, without troubling us to expense, shall see fit to apply for it.

The Weekly Tribune will likewise be enlarged to the new size of the Daily in September next, at the close of its current volume. It will then be the largest Weekly afforded to Cities for \$1 per annum in the world, and its white paper will cost us nearly or quite all that we receive from its City Subscribers. We shall hope to make it pay by appropriating a small part of the new space we thus create to Advertising, which until such enlargement, we must confine to keep within the narrow limits. It is issued every Sunday morning, and contains most of the matter of the Daily, with more summary accounts of such Events as cannot be published in full. We mean this in giving a full, graphic, and true account of what the World is Doing, wherever it is Progressing.

Daguerreotypes! Daguerreotypes!!

W. P. PITTS,

Resident Daguerrean Artist, would simply re-
mind the citizens of Hannibal and surrounding
country that he is still taking pictures at his
Gallery on Main street, over Willson's hardware
store, and would inform them, that from recent
additions to his stock, and his increased facilities,
he is now prepared to take pictures in a style
far superior to any heretofore taken in this city,
and at reduced prices. Call and examine.

Look out for the Old Lumber Yard.

WELL-seasoned Pine Lumber suitable for all building purposes, can all times be had at the Old Hannibal Lumber Yard, which has been established 8 years. The proprietor deems it unnecessary to puff his Lumber to make it sell, or to say anything about experience in the business except to those who never purchased from him. He would remark that an experience of eight years in the business gives the decided advantage over any other who never had experience—his Lumber has been purchased for cash and selected with great care, from the best mills in the Pinery. Mechanics and others wishing to purchase Lumber would find it to their advantage to call and examine the stock of Lumber and Shingles at the Old Lumber Yard before purchasing elsewhere. If you cannot get it for a less price, I will guarantee you can get it as low and a better article for the same money. Also, Lumber, Shingles and window sash.

Don't forget the Big Sign on the west side of

Another Scientific Wonder! GREAT CURE FOR DYSPEPSIA!

Dr. J. S. HOUGHTON'S

THE TRUE DIGESTIVE FLUID, OR, GASTRIC JUICE.

Prepared from Bennett, or the fourth stomach of the hog, after
directions of Baron Litthauer, the great Physician and Gastric
Artist, by J. S. HOUGHTON, M. D., Philadelphia, Pa.

"DIGEST"—Such is the true meaning of the word *Gastric Juice*,—the solvent of the food, purifying, preserving, and
ministering agent of the stomach and intestines. It is extracted
from the digestive stomach of the ox, thus forming a true
digestive fluid, precisely like the natural *Gastric Juice*, in its
chemical powers, and furnishing a complete and perfect sub-
stitute for it.

This is Nature's own remedy for an unhealthy stomach. No
art of man can equal its digestive powers. It contains no alka-
line, bitters, acids, or nauseous drugs. It is extremely agreeable
to the taste, and may be taken by the most feeble patients who
cannot eat a water cracker without the most acute distress
Beware of drugged imitations. *Pepsin* is not a drug.

Half a teaspooonfull of *Pepsin* infused in water, will digest or
dissolve five pounds of roast beef in about two hours, out of the
stomach.
